

## Warranty Summary

### Warranty Summary

This Warranty Coverage Summary is not a warranty agreement; it is an important tool that displays the warranty coverages available for automotive, solar and safety window films manufactured by Solar Gard, a division of Saint-Gobain Performance Plastics Corporation (Solar Gard). To review the specific warranty coverage parameters for a particular film, please refer to a copy of the applicable Solar Gard warranty agreement. Additionally, warranty related questions from dealers and/or consumers can be directed to the Solar Gard Warranty Service Department at 1-866-572-1922.

### Product warranty coverage

All Solar Gard window film products come standard with a manufacturer-backed limited warranty for product failure/defect. The product warranty provides replacement film and reasonable re-installation labor in the event of product failure/defect such as adhesive failure, bubbling, cracking, crazing, delamination, demetallization, peeling and excessive or unusual change of color on select films. The limited product warranty coverage will vary depending on the application and film type selected.

### Glass breakage warranty coverage

In addition to the limited product warranty, most Solar Gard window films provide limited glass breakage and/or insulated glass (IG) unit seal failure warranty coverage caused by thermal stress and/or thermal expansion resulting from the installation of an approved film-to-glass application. Certain film-to-glass applications are automatically pre-approved for this coverage without cost, although a fee and written pre-approval may be required for others. Proper film-to-glass application guidance for the most common glass types can be determined by viewing the film-to-glass application chart (Catalog SK0234).

All Solar Gard warranties are valid only in the United States and Canada unless otherwise stated.

### ARCHITECTURAL Limited product warranty coverage

Product description	Term	Application	Certificate #	Warrantied for excessive or unusual change of color

**Transferrable coverage**

Solar Gard automotive warranties come with the option to transfer coverage. This feature allows the original purchaser of the film to transfer warranty coverage to the next vehicle owner for a nominal fee. Transferable warranty information is located online at [www.solargard.com/warranty](http://www.solargard.com/warranty).

**WARNING: All Solar Gard automotive film applications must comply with state, local and other applicable laws. Solar Gard is not responsible for unlawful application of its window films, or for assuring the compliance of its customers with state, local or other applicable laws.**

**THIS IS NOT A WARRANTY AGREEMENT.  
SEE ACTUAL WARRANTY AGREEMENT FOR COMPLETE DETAILS.  
ALL WARRANTIES ARE SUBJECT TO CHANGE.**
